

## FUN! FREEDOM! FLEXIBILITY!

### Q. HOW DO I GET STARTED?

It couldn't be easier. Host your own Grand Opening Party, think of 3 friends or relatives who will date a party for you within 30 days of your Grand Opening, order your starter kit, and you're in. Plus, when you host your own Grand Opening Party, you get to DOUBLE-DIP. Yes, you'll then qualify not only to make the 30% Presenter profit from your own party, you'll also qualify for all the FREE host gifts to add to your Starter Kit.

Here's an example: let's say you host your own \$500 Grand Opening Party. You'd qualify for \$100 in FREE products as a HOST plus, you'd receive the \$150 Presenter Commission (30%) right on the spot...just for giving us a try! You WILL be making money on your very first party! Then when 3 of your friends host parties with you to help launch your business, you could be making \$150 from each of their \$500+ parties. Believe it or not, it only takes about 10 to 14 people/orders to reach that \$500 party.

### Q. HOW MUCH COMMISSION DO I EARN AND WHEN DO I RECEIVE IT?

Your income is completely based upon the number of parties you want to put on each week. You decide how much you want to make. On a typical \$500 party, a Presenter makes 30% instant commission, which would be \$150 plus an extra 5% commission paid by the company monthly when a Presenter sells \$1400 or more a month. So, when selling \$1400 or more a month, you get a total profit of 35%.

Once you begin recruiting new people, you begin making Recruiting Commission that grows with each of your first 6 recruits. When you become a manager, you also begin receiving Team Commission on all team sales. As a manager, once you begin promoting team members to become managers themselves, you also begin earning Promoting Commission. We have 5 forms of compensation. The sky is the limit for the business-minded individual. So, if you could have it the way you like it, based upon the number of contacts you have, how many parties a week would you want to put on? 3 parties a week would be about \$1500 sales and \$450 in 30% commission plus \$75 in 5% Bonus Commission for \$1500 weekly sales. A party typically takes about 90 minutes to put on and about 45 minutes to order out online and you're done!

### Q. DO HOSTING CREDITS COME OUT OF MY COMMISSION?

No. We offer company-subsidized host gifts at no cost to our Presenters.

### Q. DO I HAVE TO STOCK INVENTORY?

No. We ship directly to party hosts.

### Q. HOW MANY HOURS PER WEEK WOULD THIS TAKE?

Figure each party takes about 90 minutes to put on and about 45 minutes to order online. 3 parties per week would be about 10 hours and generate about \$525 weekly profit.

**Q. WHAT IF I DO NOT KNOW ANYTHING ABOUT SELLING?**

We train you while you earn. In your kit, you will receive 2 Training DVD's. One of the DVD's is a real party and the other DVD is technique and strategy that will help you be professional right from your first party. In addition, we offer weekly training conference calls, monthly newsletters and great support materials to make building business easier for you. You're in business for yourself but not by yourself.

**Q. WHERE CAN I SELL AND RECRUIT?**

You can hold parties and recruit anywhere in the United States.

**Q. ARE THERE MINIMUMS REQUIRED?**

The only minimum sales requirement, as a Presenter, is to place a minimum \$300 retail sales order each quarter. While we have minimums to maintain active Presenter status to those who receive our product discount, we encourage our Presenters to hold 4 or more parties per month to generate weekly income and consistency to build their home-based business. We're here to build stars because we know this is a winning business-building opportunity.
